

The Value of Membership

Missouri Association of Rural Health Clinics' membership is a **sound investment** in your organization and in Missouri's Rural Health community. Membership provides access to specialized advocacy, news, information, expertise and a treasure trove of benefits to help your organization **save money on services it needs**.

Your annual membership package includes:

Advocacy - MARHC is your champion and voice on state legislative proposals that impacts RHC and the overall practice of health care in Missouri. Having your voice heard - where it makes a difference. - **Priceless value, included in membership.**

Legislative Updates - MARHC members are invited to teleconferences that provide updates of interest to rural health clinics (RHCs) during the legislative session. The association also sends legislative updates to all members. **Included in your membership.**

Networking - As your rural health champion we provide endless avenues for networking with consultants and similar provider practices through social media access via MARHC's web page, Facebook and Twitter. **Endless value included in membership.**

News & Updates - MARHC provides information on the latest changes and updates pertaining to rural health care. **Current updates sent directly to you included in membership.**

RHC Finder - MARHC maintains a state-wide list of currently active RHCs. **Current information when you need it - included in membership.**

RHC Job Finder - Looking for another place to reach qualified applicants or find jobs in rural health? MARHC's new online job board is an easy way to connect with applicants or hiring clinics. **FREE with membership.**

Spring and Fall Conference: MARHC hosts two annual conference: A spring conference that geared toward rural health clinic billing practices and a broader fall conference that includes billing as well as practice updates. **Discounted rates apply with membership.**

Continued Education Hours - MARHC provides billing education meeting AAPC guidelines for continuing education units.
